

Олимпиада НИУ ВШЭ для студентов и выпускников – 2019 г.

Направление: «Менеджмент»

**Профиль: «Управление в сфере науки, технологий и инноваций /
Governance of Science, Technology and Innovation»**

КОД - 146

Время выполнения задания – 180 мин., язык – английский.

Answer all the three questions below:

1. List and describe the key actors of the national innovation system in Russia (or your home country). Discuss their performance and contribution to the processes of creation, dissemination and application of innovations within the country. (35 points)
2. How and to what extent business innovation contributes to the companies' competitiveness in Russia (or your home country)? Consider both theoretical perspective and the current economic processes in the country. (35 points)
3. If you were a president and to choose between the two strategic vectors of your country's development – fostering global competitiveness & entering global value chains VS. developing state-owned champions in crucial areas (space, defense, etc.) – what would be your choice, and why? (30 points)
