

How to join the online-competition in IT (Nov. 17, 2023)

1. Rules and instructions for participation in IT competition are published on the webpage of the competition - <https://olymp.hse.ru/en/inter/it>
2. *On 12:00 pm (Moscow time, GMT +3), November 17, 2023*, a participant should go to <https://go.startexam.com/hsetest> and log in the HSE testing system using the e-mail address that they used for registration to HSE INTO 2024.
3. After logging in, a participant should go through authorization and verification procedures to connect to the testing system (proctoring) by demonstrating their passport (or and other document with a photo). It is required to make a photo of participant's face and upload a copy of their passport (or and other ID document containing personal information and photo).
4. Upon completing verification on the testing system, a participant goes to Yandex.Contest platform using the given link.
5. There will be a system login window. A participant should enter the system using login and password that were previously sent to their email (address used for the registration to HSE INTO 2024). Please do not forget or delete your login details!
6. After successful login a participant gets a corresponding task (for 10th or 11th Grade) and completes it within the set period of time (240 minutes).
